Dear TestDaniel TestKeith,

As part of your Mercy One Medicare plan, we're pleased to welcome you into our Medication Therapy Management (MTM) program. Because you meet the program criteria based on the number of medications you take, the number of health conditions you have, and your annual prescription costs, you've automatically qualified for this important program. **There is no cost to participate.**

What can MTM do for you?

- Address any questions or problems you have about your medications
- Address any concerns you have, such as cost issues, side effects or drug interactions
- Provide advice on how to get the most benefit from the drugs you take
- Provide guidance on topics to discuss with your provider

What do you receive when participating?

- Access to a licensed pharmacist who will review all your prescription and over-the-counter medications
- A To-Do List of the pharmacist's recommendations to review with your provider
- A Personal Medication List to track the medications you take and why they're used

Want to participate? Get started now!

To schedule your comprehensive medication review call 1-866-575-3199

Don't want to participate?

Participation is optional. If you do not wish to participate, call Customer Service toll-free at 1-866-575-3199 (TTY users should call 711), from 8:00 a.m. to 5:00 p.m. EST, Monday through Friday. You may continue to receive calls throughout the year until a formal request has been processed. If you remain a Mercy One Medicare member, you can rejoin the program at any time. You may be offered MTM services again next year if you continue to qualify for the program.

We look forward to helping you live a healthier life.

Sincerely,

Mercy One
